14 - 20 September 1955SIGNIFICANT ITEMS

a. USAF Program. [ ] and the undersigned met with Major Crum on Friday 16 September for the purpose of further discussing the next training program. At that meeting Major Crum advised that Lt. Col. Mareydt has been designated as Lt. Col. Giblo's replacement and that in all probability he would be on board prior to 3 October. Major Crum submitted the two week schedule conducted by USAF for the period 3 through 14 October and also gave us names and sketchy BI data on 11 candidates for the course. We propose to start our instruction on Monday 17 October and this will continue for a period of six weeks being completed on Friday 25 November. The schedule of instruction will be similar in all respects to that followed during the last course. Major Crum has been requested to submit a memorandum from the Directorate of Air Force Intelligence giving the name, rank and serial number of all personnel who will participate in the training, together with a certification that all have been cleared for Top Secret by USAF. This memorandum when received will be submitted through channels to the Office of Security for further clearance.
